## Before/After School Program!

Here We Grow! Children's Center is now ready to offer care before and after school and on days when school is closed for ages 5-8!

Staff will be available to meet your child at the bus\* and accompany them into the center. Children will have a snack which we provide, and then supervised homework time for those who need it. Children will also have opportunity to use our large play ground as well as participate in daily projects including art and craft, science and other hands-on activities.

Children will have ample time for free choice to socialize, play board games, build, create and utilize the materials and books available.

As the population grows, we will explore the option of computer and internet access exclusively available for homework assistance. We will systematically introduce other unique programs as we add more staff with different talents and backgrounds.

Quality staff will be responsible and available for guidance in projects, choice making and problem/conflict solving. Director and Lead Teacher Rose Culkins has over 24 years of experience in teaching and administration in both preschool and after school programs.

We will be open on Columbus Day, Martin Luther King Day, President's Day, and Patriot's Day. We will also open for snow days, early release days and the February and April school vacation weeks.

Available space will be determined by the daycare/preschool population and will be on a first come first serve basis.

There is a two day minimum for all children to enroll and a 30 day notice to drop is required.

Hours of operation: We are open 7:00 -5:30 Monday – Friday. We will be available at 12:30 on early release days.

Please contact the center director Rose Culkins, at the above number for more information on either the daycare/preschool program or after school options. Space is limited!

\* Drop off is required days when school is closed.

Here We Grow! Children's Center
